

We will open on Monday January 8, 2024. We will again operate on an appointment/drop off/portal upload only basis. We highly recommend that you schedule your appointment as soon as possible in order to make sure you get the date, time and your preferred Tax Professional before they are booked up. You do not need all your tax documents in order to schedule your appointment. You only need them the day of your appointment.

Scheduling Your Tax Appointments

All appointments can be scheduled anytime 24/7 via our website at www.goldstardirect.com. You will need to log in to your own secure tax portal account in order to schedule your appointment. Of course, you may still call our office anytime to schedule as well.

Drop Off Service

Many clients utilized our drop off service last year and we expect many will do the same again this year. Drop off returns are usually completed within 7 days which makes this a very convenient option for many folks. There are no additional fees or costs associated with this service.

File From Home

If you have a scanner and a computer, you can easily upload all of your tax information anytime 24/7 for us to prepare and file via our secure portal. Every client that was with us last year has a portal already setup and ready to use. Simply go to our website at www.goldstardirect.com to login and start uploading. Please fill out the online questionnaire as well as this will help us make sure we get every important piece of information in order to file your taxes and claim every deduction and credit you are entitled to. By using the File From Home service one of our tax professionals will prepare your return for you in our office and upload everything back to you that needs to be signed as well as copies of the finished return.
